## Regulation RoHS-II – 2011/65/EU

Dear customer,

RoHS II- regulation is become effective by January, 2nd 2013.

The main differences between RoHS- and RoHS-II- regulations are:

- 1) The scope of the directive will be enlarged.
- 2) CE- compliance-declaration must include the RoHS II- regulation.

1) The substance-bans, declared by RoHS, have been regarded by all Distec-products since the regulation has taken effect. Therefore the enlarged scope of the RoHS II- regulation is irrelevant to Distec and no action must be taken.

2) Distec adapt the CE- compliance-declarations of all endproducts with effect of the RoHS-II- regulation and provided them for customer use.

Do not hesitate to contact us in case of further questions.
